CCRA President Elected 2011/2012

S3 are proud to announce that our Scientific Director, Professor Atholl Johnston, has been elected President of The Contract Clinical Research Association for the coming term.

S3 are pleased to be members of CCRA and fully ascribe to their codes of Practice and Conduct.

Clinical Contract Research Association

CCRA is a not-for-profit organisation founded to represent independent clinical research contractors and allied industries. The CCRA Objectives are:

- To represent the views and concerns of its members to the UK government and EU legislative bodies including regulatory agencies
- To work with government agencies to support members when promoting their services abroad
- To promote the highest standards of clinical practice through a Code of Practice for members
- To promote the benefits of clinical contract research to the pharmaceutical and biotechnology industries
- To work to safeguard the health, welfare and interests of all participants in clinical trials
- To provide networking opportunities in the UK and overseas
- To provide training courses tailored to the needs of members and to provide a learning forum for Ethics Committee members
- To provide an easily accessible communications platform for members, legislative agencies and potential volunteers, through the CCRA website
